

City Of Kinston
Residential Time-of-Use Service
Code: 395
E95

Availability

This Schedule is available as an option, subject to mutual agreement, for electric service normally provided under the City's Residential Service Schedule.

This Schedule is not available for resale service, or for short term or temporary service.

Generation may not be interconnected to the utility system or operated by the Customer with service provided under this Schedule without prior written approval from the City. The Customer must install equipment acceptable to the City to protect personnel performing maintenance or repairs and prevent damage to electric system facilities. The Customer is responsible for any injury or damage caused by the operation of such generation. The Customer's electric service is subject to immediate suspension without notice until adequate protection equipment is installed and approval for generation operation is obtained from the City.

Type of Service

Single-phase or three-phase (where available) alternating current, 60 hertz, is available at one of the City's standard secondary voltages.
